

Private Hire

Celebrate your special occasion with us in a unique venue

The Garrison Hotel has two function rooms available for hire, both unique in character and appearance, whether you have a military past, interest or simply like the idea of booking a venue that offers more, the Garrison can accommodate your needs.

Garrison Suite

Ideal for smaller functions, 70 guests or less. It is situated on the 1st floor, it has its own bar and with its original cells, dating back from when the building was a former Guardhouse, it is a unique room with lots of character. The Garrison has the additional bonus of an outdoor terrace area, suitable for all weathers as the roof can be pulled back for those nice summer evenings or covered over for the cooler months.

The Guardhouse

This room can hold up to 200 guests although the room is versatile and can accommodate smaller parties by sectioning the room off, it's the ideal room if you are looking for somewhere with charm and a great atmosphere. The room has its own bar and a central dance floor, making it ideal for larger parties or dinner disco's. Just outside the room there is access to a heated and well lit outside area ideal for those lovely summer evenings.
